

# THE NOODLE HOUSE

*A Taste of the Far East*

the Asian chefs cooking up a storm, reassuring you of the authenticity of the food and that hygiene standards are sky high. The service is efficient and friendly and the ordering system unique. To order you simply mark on the menu what you want, tear off the page and give it to your waiter (the menu is kind of like a post-it pad, the menu printed on each page). It's a fun way to do it, avoids confusion, and saves you the possible embarrassment of not being able to pronounce the name of the dish you want (which of course happens to us all sometimes!)

Wasabi prawns, Wasabi prawns and more Wasabi prawns please! This is The Noodle House specialty, but the title does not do the dish justice. Perfectly cooked, perfectly spiced, once you've tried them you'll have to order them every time you go. The whole menu looks absolutely delicious, in fact you won't know what to choose. The roasted duck is unbelievable, and the Noodle House method is not available anywhere in Egypt, it's the authentic Chinese style duck and it is simply divine. Add to this some Singapore noodles with chicken & prawns you are truly set. The quality of the food is impeccable (all ingredients are imported), truly mouth-watering, and the variety overwhelming.

Overall what can I say? I'll say this, I for one am overjoyed to have discovered The Noodle House, it's simple and homely, you feel like you could go there for a quick bite during the day, take the whole family at the weekend, or have a fun and lively dinner with your friends, it really does suit all occasions. And since I can't stress it enough the food will totally satisfy your taste buds.
